

SPEED UP YOUR SERVICE NOW WITH NCR ALOHA MOBILE!

And boost your sales.

- Decrease waiting times for your guests
- Boost sales by 25 %

TAKING ORDERS AT THE TABLE AND SENDING THEM DIRECTLY TO THE KITCHEN MAKES YOU MONEY.

KEY BENEFITS AT A GLANCE

Improved efficiency

- More sales through driving faster service by eliminating the necessity to run to the POS all the time - sales increases of 25% are a reality
- No mistakes with orders or cancellations
- Smooth flow of information between service staff and kitchen
- The purpose-built devices have incredible durability, lasting longer than traditional mobile devices

Increased customer satisfaction

- Through more engagement with staff
- Less hassle – no waiting around at the till for waiters
- Improved functionality means bills can be split any which way
- Payment peace of mind – cards are always in sight (Research studies show that waiting for the bill is one of the greatest dissatisfiers)

Greater control

- Complete control system for all transactions using leading software solutions
- Real time reports to your smartphone, wherever you are

ADVANTAGES OF THE NCR ORDERMAN7 HANDHELD

- Specifically developed for the hospitality industry
- Exceptionally durable
- Powerful and replaceable battery
- Hacker resistant Orderman Secure Radio
- Up to 5 years warranty

SOLUTION FEATURES

Incorporates RFID technology to increase speed of service

The Orderman7 has RFID technology built into the device to further increase speed of service and amaze your guests.

Tap to open a table

Install RFID tags on tables in your restaurant to enable your staff to easily open a check by tapping the Orderman7 device near the table.

Tap to print

Using specially designed printers, servers can walk up to a printer, tap the Orderman7 device on the printer, and a receipt is immediately printed. Strategically place printers throughout the restaurant without the need for an attached POS terminal.

Platform flexibility and choice

For those operators who want to use commercial hardware, NCR Aloha Mobile is also available on the iOS platform. Operators can use iPads, iPad minis, iPod Touch and iPhone devices to run Aloha Mobile. The ultimate in flexibility—if desired, Aloha Mobile can be deployed on both hardware platforms in the same location.

WHY NCR ALOHA?

NCR Hospitality is the #1 supplier of food and beverage technology worldwide. We serve 180 countries and are among the Top 100 Software companies. Our software solution NCR Aloha is one of the most popular restaurant POS solutions worldwide, helping operators to boost sales and increase both pace and quality of service.

More than 120,000 companies rely on NCR to deliver this best in class combination of solutions every day. The result: Smoother operations, easier on-the-go management and happier customers. Simple.
